The Memory Matters and Moments team feel it is important to keep you as updated as we can in the current situation with Covid-19 (Coronavirus) and our services.

LATEST UPDATE 18/03/2020:

In the absence of clear government guidelines about whether businesses like our Café should close or not, and with the knowledge we have about our customers, our Café doors are still open.

We are using this time to collect contact information of those that feel they would benefit from regular check-ins from us and we are also working hard behind the scenes to ensure that we can support you the best that we can when our doors do close in the coming days.

Our team are already organising the movement of our Cornwall based Memory Matters Workshops online so if you can help a loved one get set up to be able to access the internet, now is the time; for those that don't have internet access, we will be using the telephone.

More news to follow.
