The Memory Matters and Moments team feel it is important to keep you as updated as we can in the current situation with Covid-19 (Coronavirus) and our services.

As an organisation who care very much about the health and wellbeing of all our customers, beneficiaries and staff, we would like to let you all know that we are listening and keeping a close eye on this quickly changing scenario.

We would like to remind all of you to keep an eye on the latest [government](#) and [NHS advice](#) to keep you all safe.

Currently, our workshops for those living with Dementia have been postponed for now – but we are in the process of ensuring that each and every person is contacted regularly by our dedicated team. We also have some other opportunities that we will let you know about as soon as they are ready, but rest assured, we aim to provide the same level of support, albeit a little creatively, as soon as we can.

Moments Café and Room Hire is currently still operating, we are monitoring this situation closely and carefully following government advice. We will keep you updated via email and social media. If you are a regular Moments Customer and live alone – please let us have your telephone number and we will add you to our weekly contact list so we can make sure you are ok.

Dementia Advice from the Hub (usually delivered in person) will be taken over the phone or online. This is to protect you and our staff, so that they can continue to support those in need.

“One of the most important things you can do on this earth is to let people know they are not alone.” – Shannon L. Alder
